

FROM OUR CSD

Dear friends, please remember that the God we worship is greater than the turbulent times we live in - 'these things too shall pass.'

We easily fall into the trap of, little by little each day, our eyes being slowly shifted from God to the mania of the world. The remedy is simple. We need to stop and pray, to refocus our hearts, thoughts and lives back to God, and suddenly the sun begins to shine again.

Bearing in mind that God is greater than our current times. I sadly need to inform you, that due to the current upsurge of the epidemic, our walks planned for later this year have had to be postponed to 2022. While this is very disappointing, it is the responsible and right thing to do. In the midst of this I wonder what amazing things God has in store for us because of this. Maybe this is a time for us to draw breath and recharge our batteries, to re-evaluate our lives and ministry! In everything that happens there is good and bad, and if God can bring eternal life from the most hideous death on the cross, then our future is a cinch for Him.

There is new material being made available for walks and flights and now we have time to evaluate it before implementation. I don't know all the good things God has in-store for us because of this delay, but I am certain they are there.

Let us pray for eyes to see them and spirits that are open to embrace them.

Rev. Alan Dives
Community Spiritual Director.
